VECTRA DESIGN EDITION

Sometimes, good things just happen. But the best things in life, almost always, are by design. ♦ Introducing the Design Edition. An exclusive range of special edition Vectras available in saloon, hatchback and estate body styles. And like all great designs, it's best appreciated by looking at the detail. ♦ Detail such as the richness of the Midnight Black pearlescent paintwork and matching interior instrument surround. The unique Champagne-colour alloy wheels and, on estate models, matching Champagne roof rails. The subtly understated 'Design Edition' badging and brushed aluminium sill plates. The luxury of the full leather interior and matching velour floor mats. ♦ The Design Edition is also, quite probably, the best-equipped Vectra ever, with electronic climate control, a seven-function trip computer and an anti-lock braking system being just a small selection of its many standard features. ♦ Now add Vectra's traditional values of brilliantly responsive chassis dynamics and, at its heart, a choice of three units from Vauxhall's range of modern ECOTEC engines, and one thing is clear. When it comes to being one of the fortunate few who get to drive this very special Vectra, you'll soon have designs all of your own.
